

Constance Jackson

Constance has more than 12 years of contractual management with federal, state, commercial, and international sectors. She has exceptional subject-matter expertise in resolving complex contractual issues, interpreting contractual terms, negotiating and providing mitigation solutions and strategies.

Constance has worked on the proposal teams and managed the following contracts (NETCENTS, ITES, Seaport E, NMCI, USAID, SPAWAR, USSOCOM, and C4ISR).

Her professional experience also includes a role as Contracts Manager Lead at Harris IT Services Corporation, Proposal Manager at General Dynamics Land Systems, and various contracts positions at Lockheed Martin, Computer Associates, Computer Sciences Corporation, Sprint/Nextel, General Dynamics, Winstar Communications, SI International (now Serco International), and Wave Technologies.

Constance has studied Public Contracting and Procurement at the University of the District of Columbia. She has a Contracts Management Certificate from Northern Virginia Community College and a Paralegal Certificate from George Mason University. Constance is also a member of National Contracts Management Association (NCMA).
